

115431 STOCK TRANSFER MAINTENANCE – ADD CONSIGNMENT NOTE NUMBER

1 INTRODUCTION

A new field has been added to the *Stock Transfer Maintenance* screen to make it easier to chase lost deliveries with the carriers.

2 BENEFITS

- ✓ Easier to track lost stock

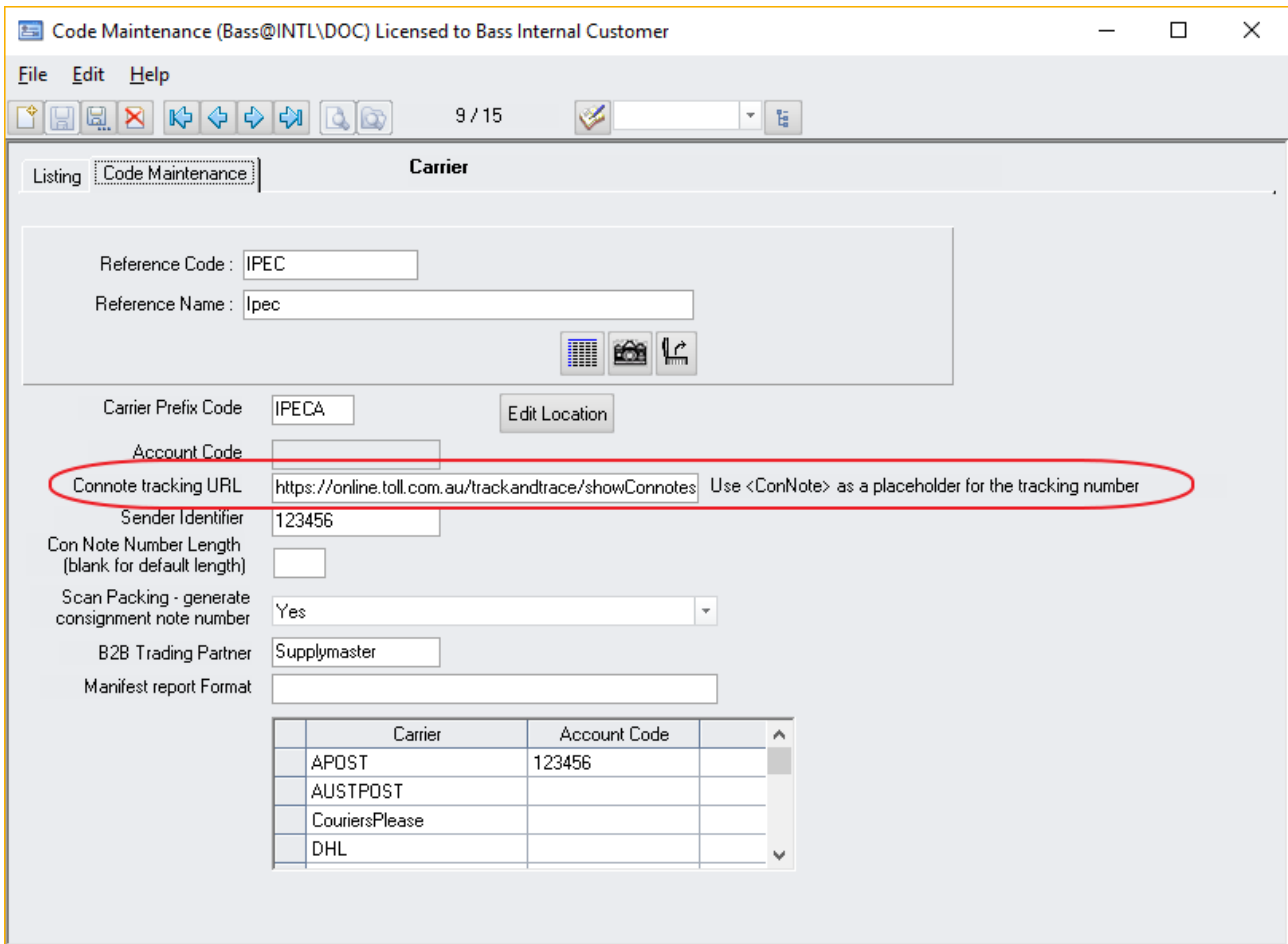

3 SETUP

3.1 CODE MAINTENANCE

Carrier tracking websites can be configured in *Code Maintenance* against the *Carrier* code.

Use the *Connote tracking URL* field to enter the website, including <ConNote> placeholder where the consignment note number can be provided for a live link to show the tracking status for the consignment note.

e.g. <https://online.toll.com.au/trackandtrace/showConnotes.do?Connote=<ConNote>>

4 DESCRIPTION / USAGE

A new field *Connote #* has been added to *Stock Transfer Maintenance* screen. This is for viewing / clicking only, not for editing.

Where a link to carrier website has been configured, the *Connote #* field is displayed as a link and can be clicked to open the carrier's website for tracking the status of the delivery.

Stock Transfer Maintenance (BASS@int\DOC) Licensed to Bass Internal Customer
